GREATER LOUISVILLE EXPOSITION

Will Open on March 18 For Two
Weeks With Many Important and
Attractive Exhibits.

Filled with exhibits representing
many varied lines of manufacturing
industry, the Greater Louisville Ex-
position will open in the vast Armory
of the First Regiment, in Louisville, on
March 18. The plans of the exposition
company have matured rapidly since
November 21, when the enterprise was
officially launched and when the organi-
zation of the exposition forces was
begun.

With no idea of profit, but with the
purpose of showing to all sections of
this great state what its metropolis
can do, and is doing, the members of
the Louisville Commercial Club went
into the exposition work, and the peo-
ple of this and all other sections of
Kentucky, as well as the South and
Southeast, will find there much of pleas-
ure and of profit. The awakening of
Louisville has been evident to all lov-
ers of Kentucky, and now Louisville
is making ready to entertain all Ken-
tucky in particular and all other peo-
ple in general, besides, at the same
time, showing what she has accom-
plished.

Louisville occupies the first place in
many lines of manufacturing industry,
besides being very near the top in
very many others. From all these
lines there came at the call of the
exposition company, hundreds of ex-

position Company, who first proposed

position workers, who gave of their
time, their thought and their labor to
filling the vast building with the elab-
orate exhibits which will be seen there
from March 18 to 20.

Foremost among the many industries
in Louisville stands the tanning trade,
with its allied lines. There are thir-
teen immense tanneries in Louisville,
and these furnish leather to scores of
manufacturing plants requiring leather
as raw material. Those in Louisville
who know have declared that Louis-
ville leather represented in the Great-
er Louisville Exposition will furnish
deep surprise for exposition visitors.

In the manufacture of agricultural
implements and farm wagons Louis-
ville takes second place to no city.
Three magnificent plants turn out a
wonderful array of labor-saving de-
vices for the planter, while an immense
wagon factory, the largest in the world,
ships its products, not only north,
south, east and west throughout this
broad land, but to other countries as
well.

Millions of yards of cloth in varied
textures are cut yearly by the clothing
factories in Louisville. Within the
past decade Louisville has taken a
recognized position as one of the prin-
cipal centers in the manufacture of
clothing. There is no city in the union
where Louisville-made garments are
not worn.

In shoes, shirts, hats and other ar-
ticles of wear Louisville's manufactur-
ing interest is very great. There is
no doubt that Louisville could well
supply herself with wearing apparel
were she cut off from communication
with outside markets. It will be of
vast interest to the people of this sec-
tion to see what the greatest manu-
facturing city of the state can do for her-
self and for hers.

In the manufacture of food products,
no less than that in the other neces-
saries of life, Louisville stands out as
a pre-eminent center. All Kentucki-
ans, and especially those in this sec-
tion, will be interested in the exhibits
to be shown in the Greater Louisville
Exposition, for Louisville largely sup-
plies them with their food products.

The Greater Louisville Exposition
Company has invited the people of
Kentucky to go to the exposition, and
the railroads serving those people have
established a rate of one fare for the
round trip during the exposition period.
The Lee Line Company and Louisville
& Evansville Packet Company have
made a rate of a fare and a third, in-
cluding meals and state-room for the
same period, while the Louisville &
Cincinnati Packet Company has an-
nounced that the rate will be one fare
for the exposition period, exclusive of
meals and state-room, and the ex-
position company offers, besides the in-
terest in the exposition, two daily con-
certs by the famous band of the New-
politan bandmaster, Creatore, and
other excellent features, for the low
admission rate of twenty-five cents.

SAYERS.

Mr. editor, don't think Sayers is
scratched off the map just because
you don't hear from here very of-
ten. This spring like weather is
filling us with new energy and
causing the farmers to begin to
"hustle". In all directions you
may hear the merry shouts of the
boys as they sally forth to battle
with briars and bushes, while the
sturdy father turns the surface of
this old "mother earth" up-side-
down preparatory to sowing the
seed.

If anybody needs measles come
around we can furnish them too
cheap to mention. Most every-
body has them here.—James
Thompson, who was accidentally
shot a few weeks ago, is reported
convalescent.—A singing school
opened at Union church Sunday
last.—Miller Bros. have purchased
several tracts of timber and will
place a heading mill near John
Craig's. It seems only a matter of
time when timber in Rockcastle
will be gone.—Hamm & Sayers are
running their mill near here.—Sam
Sayers is among the sick.—Mrs.
Sarah Sowder is suffering from
cancer.—J. W. Thompson, better
known as "Crook" has mysteriously
disappeared. Any information
as to his whereabouts or any in-
ducement offered him to return
will be considered as an unfriendly
act by the whole neighborhood.

Jack Sutton has been in this sec-
tion buying hogs.—O. F. Hamm
is erecting a house on his farm
near here.—W. H. Owens, the Spi-
ro merchant, is doing a nice busi-
ness.—Among those attending
court in Mt. Vernon Saturday were
Benn Albright, Jane and Isaac
Herrin, H. P. Davis and Willie
Logsdon.—Miss Edith Dillingham,
of Maysburg, was the charming
visitor of Miss Alza Brown Satur-
day and Sunday.—Miss Ollie and
Rosco Williams attended singing
at Freedom Sunday.—The singing
school at Freedom church con-
ducted by Prof. Dodd, is progressing
nicely. The only trouble is lack
of attendance. It does seem that
people would take more interest in
this very important part of relig-
ious worship. It seems to me that
if it will be possible to enjoy one
part of the rejoicing in heaven
more than another it will be the
singing. Think? If our souls
thrill and our hearts overflow with
joy and thanksgiving to God when
we hear the beautiful songs on
earth what must our feeling be
when that heavenly choir on high
begins to sing? Let us make a
greater effort to cultivate this won-
derful talent that God has given to
the rich and poor alike.

Nothing will relieve indigestion
that is not a thorough digestant.
Kodol digests what you eat and al-
lows the stomach to rest—recuper-
ate—grow strong again. Kodol is
a solution of digestive acids and as-
sailable approximates the diges-
tive juices that are found in the
stomach. Kodol takes the work
of digestion off the digestive organs
and while performing the work
itself does greatly assist the stom-
ach to a thorough rest. In addi-
tion the ingredients of Kodol are
such as to make it a corrective of
the highest efficiency and by its
action the stomach is restored to
its normal activity and power. Ko-
dol is manufactured in strict con-
formity with the National Pure
Food and Drug Law. Sold by
Chas C Davis, leading druggist.
